Vetus Thruster Overstocked!!

Vetus is a reputable European manufacturer of bow and stern thrusters that has an office and warehouse in Australia. This differentiates itself from the rest of the market as it demonstrates a commitment to this country. This also means rapid and reliable technical support, and spare parts availability.

Vetus bow and stern thruster is a premium brand with proven quality.

Due to an overstock of the small Vetus thruster range, we are offering to supply, install and commission a 12V bow or stern thruster to your vessel at rock bottom prices.

If you have a vessel that is up to 10 m in length, this may be a perfect opportunity to upgrade it.

Supply, install and commission prices for a 12V Bow or Stern Thruster

25 kgf thruster for 5 - 8 m vessel - \$5,400 + gst

35 kgf thruster for 6 - 10 m vessel - \$5,650 + gst

Note: Prices are Estimation based on a standard installation. It is based on works at the Gold Coast City Marina, and excludes marina fees. Prices must be confirmed by a vessel inspection.

We will hold this offer for any works started before 30th June 2019.

Call **07 5665 8166** or email info@allmarinesolutions.com.au for further information.
